

certain modules in the degree programme provided that equivalent modules were completed with a pass mark of 60% of higher.

Admission to the six-year fully-fledged Bachelor of Veterinary Medicine Programme requires 30 points from five subjects including a "B" symbol in English, Biology, Mathematics and Physical Science (or Chemistry) at NSSC Ordinary Level or a 3 grade or higher in Mathematics and Physical Science (or Chemistry) at NSSC Higher Level. Candidates with a three-year Diploma in Animal Health or related field with a combined average pass of 70% or higher from a recognised and accredited institution may also be granted admission to the first year Bachelor of Veterinary Medicine degree programme, at the discretion of the Faculty.

- Should pass the UNAM Mature Age Entry Scheme Examination with Grade 12 and all papers with 60% average.

Meeting the minimum admission requirements does not necessarily ensure admission. Admission is based on the number of places available and is awarded on the basis of merit after a rigorous selection process. The Faculty reserves the right to interview candidates before admission.

## POSTGRADUATE Programmes

### MASTERS DEGREE PROGRAMMES

- Master of Science in Rangeland Resources Management (2 years full-time)

### BY COURSE WORK:

This programme is housed and taught in the Department of Animal Science, Neudamm Campus. It is a two-year full-time programme with 50% course work and 50% research. The course work will be covered over two semesters in the first year, while research and thesis work will be done in the second year. The programme will be taught if a minimum of 5 students are registered in an academic year.

### BY RESEARCH AND THESIS

MSc and PhD degree programmes are offered through research and thesis in accordance with the general regulations of the University of Namibia.

### ADMISSION REQUIREMENTS

- Prospective candidates must be in possession of a relevant Bachelor's Honours degree at NQF level 8

with at least a C-grade average (i.e 60%) or a good postgraduate diploma with a minimum average of 60% from a recognised institution.

### DOCTOR OF PHILOSOPHY

Studies towards attainment of PhD in Agriculture, Natural Resources, Fisheries or related field may be offered through research and thesis in accordance with the regulations of the University of Namibia.

### ADMISSION REQUIREMENTS

- Master of Science degree, or recognised equivalent qualification, in Agriculture; Natural Resources; Fisheries or related field.

## APPLICATION Procedure

All applicants must use the University of Namibia application forms available at the university or located on the University of Namibia website: [www.unam.edu.na](http://www.unam.edu.na) as their primary application.

### CLOSING DATES:

Mature Age Entry Scheme Applications: **17 June**  
Postgraduate Applications: **08 July**  
Undergraduate Applications: **09 September**  
Undergraduate - Late Applications: **07 October**

## UNDERGRADUATE Programmes

### DIPLOMA PROGRAMMES

- Diploma in Agriculture (Ogongo Campus)
- Diploma in Natural Resources Management (Ogongo Campus)
- Diploma in Animal Health (Katima Mulilo Campus)

### ADMISSION REQUIREMENTS

The normal basic requirement for entrance to the Diploma programmes shall be a Namibian Senior Secondary Certificate Ordinary Level (NSSC O-Level) or a recognised equivalent, provided that a candidate has passed five subjects with a minimum of 22 points on the UNAM Evaluation Point Scale, with following subject requirements:

- English with a "D" symbol (or better) at NSSC O-Level (English as a Second Language);
- Mathematics with a "D" symbol or better;
- Biology or Agriculture with a "D" symbol or better; and
- Physical Science/Chemistry or Geography with an "E" symbol or better.
- Pass UNAM's Mature Age Entry Scheme Examination.

### UNDERGRADUATE DEGREE PROGRAMMES

- Bachelor of Science in Agriculture (Agricultural Economics) Hons (4 years full-time) – Neudamm Campus
- Bachelor of Science in Agriculture (Animal Science) Hons (4 years full-time) – Neudamm Campus
- Bachelor of Science in Agriculture (Crop Science) Hons (4 years full-time) – Ogongo Campus
- Bachelor of Science in Agriculture (Food Science & Technology) Hons (4 years full-time) - Neudamm Campus
- Bachelor of Science in Fisheries & Aquatic Sciences (Hons) (4 years full-time) – Sam Nujoma Campus
- Bachelor of Science in Integrated Environmental Science (Hons)(Environmental Science or Forestry) (4 years full-time) – Ogongo Campus
- Bachelor of Science in Wildlife Management & Ecotourism (Hons) (4 years full-time) – Katima Mulilo Campus
- Bachelor of Veterinary Medicine (6 years full-time) – Neudamm Campus

## MISSION

The Mission of the Faculty of Agriculture & Natural Resources is to promote sustainable agricultural and natural resource development and management in Namibia through teaching, research and extension services to communal and commercial farming communities.

## OBJECTIVES

- *To provide education and training, aimed at producing quality graduates in the field of Agriculture and Natural Resources.*
- *To conduct research relevant to Namibia's environment, natural resources and agriculture.*
- *To provide advisory, consultancy and extension services on the proper sustainable use of Namibia's agricultural and natural resources.*
- *To help create meaningful employment in both public and private sector, including self-employment.*

## ADMISSION Requirements:

- To register for an undergraduate degree programme, a candidate must hold a valid Namibian Senior Secondary Certificate (NSSC) or a recognised equivalent qualification.
- English is a compulsory subject and should normally have been obtained as a Second Language at NSSCO level with a minimum C-symbol, or English as a First Language at NSSCO level with a minimum D-symbol.
- A candidate should obtain a minimum of 25 points on the UNAM Evaluation Point Scale in his/her five (5) best subjects (of which English must be one) to be admitted to undergraduate studies.
- Admission can also be considered for applicants who qualify through the Mature Age Entry Scheme, upon successful completion of the relevant examinations as set out in the General Rules and Regulations.

Notwithstanding the above, candidates wishing to join the following programmes in Faculty of Agriculture & Natural Resources must have obtained the following grades at NSSC Ordinary Level, or its recognised equivalent:

- BSc in Agriculture (Hons): Candidates must have obtained a "C" symbol in Mathematics and Biology, and at least a "D" symbol in Physical Science, Chemistry or Physics.

- BSc in Fisheries & Aquatic Sciences (Hons): Candidates must have obtained a "C" symbol in Mathematics and Biology, and at least a "D" symbol in Physical Science, Chemistry or Physics.
- BSc in Integrated Environmental Science (Hons) and BSc in Wildlife Management & Ecotourism (Hons): Candidates must have obtained a "C" symbol in Mathematics and Biology, and at least a "D" symbol in Geography, Physical Science, Chemistry or Physics.

Candidates with a three-year Diploma in Agriculture, Natural Resources Management, or Animal Health from a recognised and accredited institution may be granted admission to the Faculty's undergraduate degree programmes. Such candidates may be exempted from
